## HOW COULD YOU?

**T**hanks to the Canadian government the infamous clubbing of baby seals is back with a vengeance. And you thought such barbaric acts were outlawed, right? **WRONG.** The murder has continued, and the Canadian government announced that over the next 3 years they will allow close to 1,000,000 seals to be brutally clubbed or shot, even subsidizing the sealing industry with millions of dollars.

Tell the Canadian government you won't travel to Canada until it ends this senseless and barbaric killing! Canada, we don't buy it and we don't buy your self-serving excuses.
